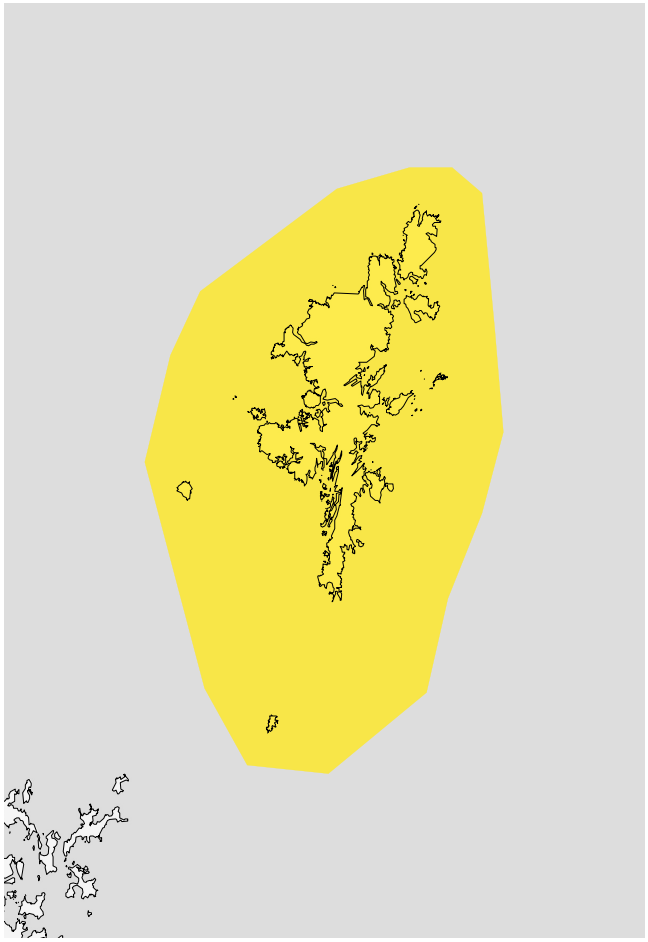
Yellow warning
Wind

Between
06:00 Thu 2 Apr 2020 and
15:00 Thu 2 Apr 2020



Severe gales causing some travel disruption.

What to expect

- Some delays to road, air and ferry transport are likely
- Some short term loss of power and other services is possible

Further details

A deep area of low pressure passing close to Shetland will bring very strong, cold northwesterly winds on Thursday morning and early afternoon. Gusts of 65-75mph are expected at times, while squally wintry showers with lightning could prove to be additional hazards.

✓ Medium likelihood of low impacts
